VANCOUVER ISLAND'S FUTURE?

The Vancouver Island Provincial Association, 208-9 Central Building, Victoria, H. Despard Twigg, secretary, has issued a pamphlet entitled "The Problem of Vancouver Island's Future" and we reproduce same for the benefit of our readers:

"Prior to November 19, 1866, Vancouver Island was a Crown Colony. On that date it was annexed to British Columbia, and Sir James Douglas, the great governor, then in retirement, noted in his diary that the occasion should be marked by the firing of minute guns and the holding of a funeral procession. Three years previously he had, on the eve of leaving office, commented upon the need for the maintenance of separate fiscal entities between the Island and the Mainland, and predicted that rash tampering with that policy would bring disaster.

"The wisdom of Douglas was disregarded. The two colonies were united, and immediately the per capita debt of residents of Vancouver Island was increased from \$48.94 to \$108.05; the free ports of Victoria and Esquimalt were abolished, and the cost of living increased.

"The welfare of Vancouver Island was sacrificed upon the altar of Mainland ambitions.

"At that time Vancouver Island was richly endowed with Capital Wealth. Where is that Capital Wealth today? Where is the fur trade? Where the sealing industry? Where the great coal industry? Where the manufacturing plants and wholesale houses? Echo answers "Where?" There remains as the largest item of Capital Wealth of former times, the lumber industry. Government reports (see page AA17 of the 1930 Forestry Department report) would indicate that at the present rate of cutting, 25 years will see the end of our great stands of Douglas fir—WHAT THEN?

"It may be argued that the depletion of Capital Wealth of a new country is concomitant with settlement. Accepting this view, there is no denying that in the process of elimination of the Capital Wealth of the Island that scores of millions of dollars in revenues, directly and indirectly, were contributed to the Provincial Treasury.

"NO APPRECIABLE PORTION OF THAT REVENUE HAS BEEN USED TO CREATE REPLACING ACTIVITIES ON VANCOUVER ISLAND.

"In a minute of the Executive Council, September 2, 1893, the then Government admitted that the bulk of the revenues from the Island were used for the development of the Mainland. This situation has continued to the present day, under all administrations.

"Nature endowed Vancouver Island with two other gifts: climate and scenery. Owing to high income taxes and succession duties, climate can not be a factor in contributing to Island prosperity that it should be. In order to take advantage of scenery and the great modern business of travel, roads—real highways, not tracks—are necessary, and the beauty spots must be made available to visitors.

"In 1910 Strathcona Park was set aside to become a great playground. Not a pick has been turned in opening it up for 22 years.

"Forbidden Plateau is unique as an alluring summer and winter recreation area. No effort has been made to provide a highway to its wondrous attractions.

"Long Beach is a superb stretch of ocean sand, miles in length. It cannot be reached by motorcar.

"Della Falls is one of the highest waterfalls in the world. There is no road to it.

"Thirty-four years ago settlers were placed in the Salmon River Valley and the community of Sayward was established. The pledged word of Government was given that a road would be built the following year to connect Sayward with Campbell River. That road has not yet been started.

"For 40 years Port Renfrew has been promised a road to connect it with highways leading to Victoria. That road has not been built, but in the same period \$4,500,000 has been collected in revenues from timber in that locality alone.

"In the same period thousands of miles of highway have been constructed on the Mainland, and millions of dollars have been expended in construction of buildings.

"How long can Vancouver Island continue to be the goose that lays the golden egg for the Mainland?

"Vancouver Island raises the largest per capita revenues. If Vancouver Island was, at the present time, controlling its own revenue, here is what would be possible (based on an estimate of revenue of \$5,500,000 annually, which is considered to be conservative):

Carry on all present services of Government.	\$1,800,000
Public Debt retirement	1,000,000
Spend on highways and public works	1,000,000
	\$3,800,000

"This would leave a surplus sufficient to:

- Give adequate aid to municipalities;
- Reduce income taxes to a nominal amount;
- Reduce succession duties to a minimum;
- Establish a flat rate of \$10 a car for automobile licenses; and
- Cut amusement taxes in two.

"And in addition, a handsome balance would remain in the treasury.

"In other words, the additional expenditures on road work would take care of unemployment, as well as providing improved highway facilities; and taxation could be so reduced as to encourage the prosperous development of the whole of the Island.

"This most desirable situation is no idle dream. IT IS WHAT WOULD BE POSSIBLE TODAY IF VANCOUVER ISLAND WAS CONTROLLING ITS OWN REVENUES. In other words, the difference between our present condition and the pleasant prospect outlined is what we are paying for the privilege (?) of being a part of British Columbia.

"What is there to be done about it?

"The individual residents of Vancouver Island must decide that for themselves. Such a condition of economic slavery to the Mainland will continue until such time as Vancouver Island develops a real consciousness and a real determination to change conditions.

"The Vancouver Island Provincial Association has been formed for the purpose of taking such constitutional action as such an aroused articulate Island consciousness shall deem necessary. It is a non-partisan organization, that welcomes the support and co-operation of men of all political creeds, who are convinced that Vancouver Island must have the chance of winning prosperity—before it is too late.

"It is the intention of the Association to ask residents of all parts of Vancouver Island to help themselves, through united purpose. It is not designed to gain advantage for any one section, but for all portions of Vancouver Island, for it is only by Island Unity that any part of Vancouver Island can be benefited."

The Review has an open mind on this subject and invites its readers to express their views on the matter. We met Mr. Twigg on Saturday and learned that he had just returned from points up the Island, where great interest is manifest in the movement to make Vancouver Island a province. We understand that Mr. Twigg will soon visit Salt Spring Island to ascertain the feeling of the residents there as regards this movement.

We would suggest that a public meeting be held in Sidney soon with Mr. Twigg and others prominent in the movement present prepared to address the gathering and give further information.

BIG FEATURE FOR PROGRAM ON SHOW BOAT

The Show Boat, at Inner Harbour, Victoria, has attracted to its colorful performances this season, audiences ranging from 3,000 to 7,000 people a night.

It has become the recognized civic gathering point for Victoria and has provided entertainment for the thousands of visitors who have flocked to the Island this season.

Now the management announces the biggest and most spectacular event of the season, when the Vancouver Island pupils of the Beresford School of Music and Arts will put on a night of music, mirth, and merriment, on Wednesday, August 26th, opening at 8 p.m. sharp.

This mammoth evening's show will include 150 Island members of the school, in costume, a brass band of 60 performers, a baby orchestra of 60 instrumentalists, a professional sextette of musicians, and a large cast of supporting artists.

The Beresford School of Music has chartered a special steamer to bring over from the mainland and take back after the performance, 400 supporters of the Beresford system of musical training.

The night's entertainment is expected to strike the high water mark of popular appeal for the 1936 season, on the Show Boat.

SUCCESSFUL SHOW AT GALIANO

By Review Representative

GALIANO ISLAND, Aug. 19.—The Sixth Annual Galiano Agricultural and Industrial Show was a huge success, there being more entries than ever before. The attendance was good, many people coming on the excursion on the "Cy Peak" and the "Motor Princess," also from the adjacent islands of Mayne, Pender and Salt Spring. Lunches and teas were served by the committee in charge while "Aunt Sally" and "Madame Pompea," world famed fortune tellers, were sources of amusement.

In the evening the hall was the scene of a jolly dance. The music of Mr. Percy Lowther of Ganges was greatly appreciated. A delightful supper was served.

The committee, which was responsible for the great success of the show, included A. Lord, chairman; S. Page, superintendent; Mrs. J. Hume, Mrs. R. C. Stevens, Mrs. A. Lord, Capt. I. G. Denroche, A. L. St. J. Jones, Mr. Cochrane, R. C. Stevens, F. Poehlin (secretary-treasurer).

Assisting them were Mrs. S. Page, Mrs. G. W. Georgeson, Mrs. C. O. Twiss, Mrs. Gerald Steward, George Goodwin, Capt. W. H. Gilmore and Roger Twiss.

A full list of prize winners and the various show sections will appear in next week's issue of the Review.

ISLAND PARK BEAUTY SPOT

Much has been written of the hundreds of beauty spots and tourist havens of our island and adjacent gulf islands, but of one of the most lovely and easily accessible parks in our immediate vicinity very little is known—that on Sidney Island, just three miles from here by launch. In fact very few persons, even residents of the district, seem to be aware that there is a park on the island and for the benefit of those who do not know the facts the Sidney Spit and a portion of the island immediately adjacent was set aside some few years ago by the Provincial Government. This was brought about through the efforts of Col. C. W. Peck, V.C., D.S.O., who was our M.L.A. at the time and who believed that this was one of the most attractive spots of our area and should be opened to the public.

FAREWELL AT GANGES FOR MISS HALLEY

By Review Representative

GANGES, Aug. 19.—Wednesday afternoon Major and Mrs. F. C. Turner gave a delightful farewell party at their home at Ganges in honor of Miss Betty Halley who will leave shortly for Cambridge, England. Over 50 guests were present. The rooms and tables were prettily decorated with beautiful sweet peas and other flowers.

Following tea the guests adjourned to the garden where the guest of honor was presented by Miss Norah Turner with several parting gifts from her many friends, amongst them was a gift from the Ganges Chapter of the I.O.D.E., the presentation being made by the regent, Mrs. Desmond Crofton, who said in her short speech they were very proud of the achievements of the recipient in having now won the I.O.D.E. overseas scholarship and wished her every success during her year's post-graduate work at the university. Miss Halley, after thanking everyone for their lovely gifts, said that it was owing, in the first place, to the winning of a small I.O.D.E. bursary, that she had first been able to take up botany.

Among those present were Mr. and Mrs. J. D. Halley, Mrs. V. C. Best, Mrs. C. E. Baker, Mrs. Frank Crofton, Mrs. L. Cropper, Major and Mrs. A. R. Layard, Mrs. H. Moorhouse, Mrs. A. B. Elliot, Mrs. D. K. Crofton, Mrs. A. B. Cartwright, Madame P. Bion, Mrs. George Borradaile, Mrs. Max Calthorpe, Mrs. Charles Beddis, Miss I. Beech, Mrs. Davy, Miss I. Davy, Mrs. R. O. King, Mrs. Layard, Mrs. Cecil Lay, Mrs. Ray Morris, Mrs. A. R. Price, Mrs. W. E. Scott, Mrs. Harold Price, Mr. and Mrs. David Simson, Mrs. P. Sweetman, Mrs. A. J. Smith, Mrs. Eric Springford, Mrs. Graham Shove, Mrs. E. Walter, Mrs. N. W. Wilson, Mrs. J. C. Kingsbury, Mr. H. W. Bullock, Mrs. Price, Sr., Miss S. Chantelenu, Miss N. Leigh, Miss Edna Morris, Miss Dorothea Moorhouse, Miss "Pat" Thwaites, Miss Shirley Wilson, Miss M. I. Scott, Miss Doreen Crofton, and others.

Recent developments at the newly completed Post Office on Beacon Ave. include the erection of a handsome iron fence round the building, a fine driveway and reinforced fence at the rear of the property. The grounds have also been put in shape for a lawn. We understand that there remains to be completed on the interior the fixtures, etc.

with any of its kind to be found the Sidney Island park offers an ideal picnic and camping ground and those who have not already visited this beauty spot would do well to do so before this season is over and see for themselves the wonders of nature revealed on every hand.

The sand spit is over a mile in length, there are beautiful trees in the park, lovely walks around the island which is five miles in length not counting the spit. Big steamers and freighters pass close by and there is something new in some direction at all times.

Picnic tables have been set up, an outdoor stove is in a handy spot and the underbrush has been cleared from a large area, making it a real park with many additional attractions.

The two adjoining rooms were prettily arranged and decorated entirely with varicolored gladioli. In presenting the gifts, Mrs. Moutat conveyed the good wishes of the assembled guests.

The Provincial Government awarded the contract on August 12th when Mr. McKinty was notified that his bid for \$22,344 had been accepted. We understand work has already commenced on the old site on Centre Road.

Drilling for water by Douglas Godwin has been underway for the past week and it is reported that the drill is now down about 55 feet.

The re-union was in honor of Miss Ada Brethour, from Kansas, who is visiting in the district.

What is believed to be the first event of this nature to be staged in British Columbia will be the competition between archery champions of Victoria and local golf club champions on August 29th at 2:45 in the afternoon at the Ardmore Golf Course. Targets will be placed in the holes for those with their bows and arrows while the golfers will play the round in the usual manner, those making the best score, of course, winning the match.

The champions of the Victoria Archery Club, Miss Betty Shade and H. F. Shade will meet the golf club champions on this occasion and some real play and excitement will no doubt be witnessed. W. T. Sisson is the men's champion golfer, the lady champion is to be decided this week.

The affair has already created much interest and onlookers will without doubt witness some real skillful play from both sides on this big competition day.

Besides the above event, which will of course be the main attraction of the day, there will be other competitions such as putting, line driving, etc., in which all may take part. Tea will also be served at a nominal charge.

Further particulars may be learned by turning to the Coming Events column and in next week's issue of the Review.

MAYNE ISLAND, Aug. 19.—The Point Grey Trophy (presented by S. J. Hatchett, captain of Point Grey Golf Club, Vancouver, for annual competition by members of Inland-Northwest Golf Club, Mayne Island was won Sunday by Dr. Thomas E. Roberts when he defeated Ronald Elverson in the final of the club handicap.

K. Nagata won the first flight, defeating Walter Greens on the last putt on the 18th hole—a hard fought match indeed.

Judd Cullison won the second flight from Fred Bennett, Jr., also a hard fought game, going to the 17th green.

Much sympathy was expressed for Fred Heck, a very favored entrant, who unfortunately had to scratch, owing to his war disabilities necessitating his going into Shugnessy Hospital for treatment.

Mrs. West, at the conclusion of play, graciously presented the Point Grey Cup, the runner-up prize and the flight prizes, commencing each winner in turn in a few well chosen words.

The golf course had been well groomed for this important event by Greenkeeper Jimmy Drysdale. An excellent tea was purveyed by Mrs. Wm. Deacon.

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Behold, God is mighty, and despatcheth not any: he is mighty in strength and wisdom" (Job 36: 5).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "God is Mind, and God is infinite; hence all is Mind.
